DAKOTA SUPPLY GROUP

For all the right connections!

**Keep Your Equipment Safe, Precise And Working Hard
With MotorSaver®s From SymCom Inc. And DSG!**

Keep a close eye on valuable equipment with Model 777.

Everything you need in one piece of equipment!

- Available with communications package: recordable voltage, current, last four faults, KWh usage and power factor. *Requires RS45MS-2W.

Precise customizing!

- Digital programming gives you the exact setting you need.

Maximum protection!

- Sixteen set points can be programmed to be ready for anything.

Instant trouble-shooting diagnostics!

- Last fault memory tells the story. Plus, Model 777 is UL and cUL listed as an overload relay.

Monitor your MotorSaver®s with the RM-1000!

Easily mounted!

- Works perfectly on the front of a panel – plus it's rated for environmental protection.

Monitors up to 16 motor protectors!

- Each RM-1000 can monitor up to 16 Model 777, 77C, 601 or 777-KW electronic motor protectors.

Remotely control up to 99 RM-1000 devices.

- Plus – the Model RM-1000 features an easy-to-read liquid crystal display and a second communication port is standard.
