Customize Your Drilling Products To Do The Job Right!

DSG works with M-I HDD Mining & Waterwell to provide drilling fluid products for a variety of drilling applications. We believe there is no one product that will optimize drilling efficiency and productivity. Instead, we utilize a systems approach, enabling customers to combine individual product qualities and change fluid parameters to meet specific drilling requirements.

Construction Drilling Products That Take The Dirty Work Out Of Working With Soil

M-I HDD Mining & Waterwell manufactures innovative bentonite and polymer products specifically designed for construction applications. These powerful products stabilize, lubricate and isolate soils for better, more efficient drilling.
